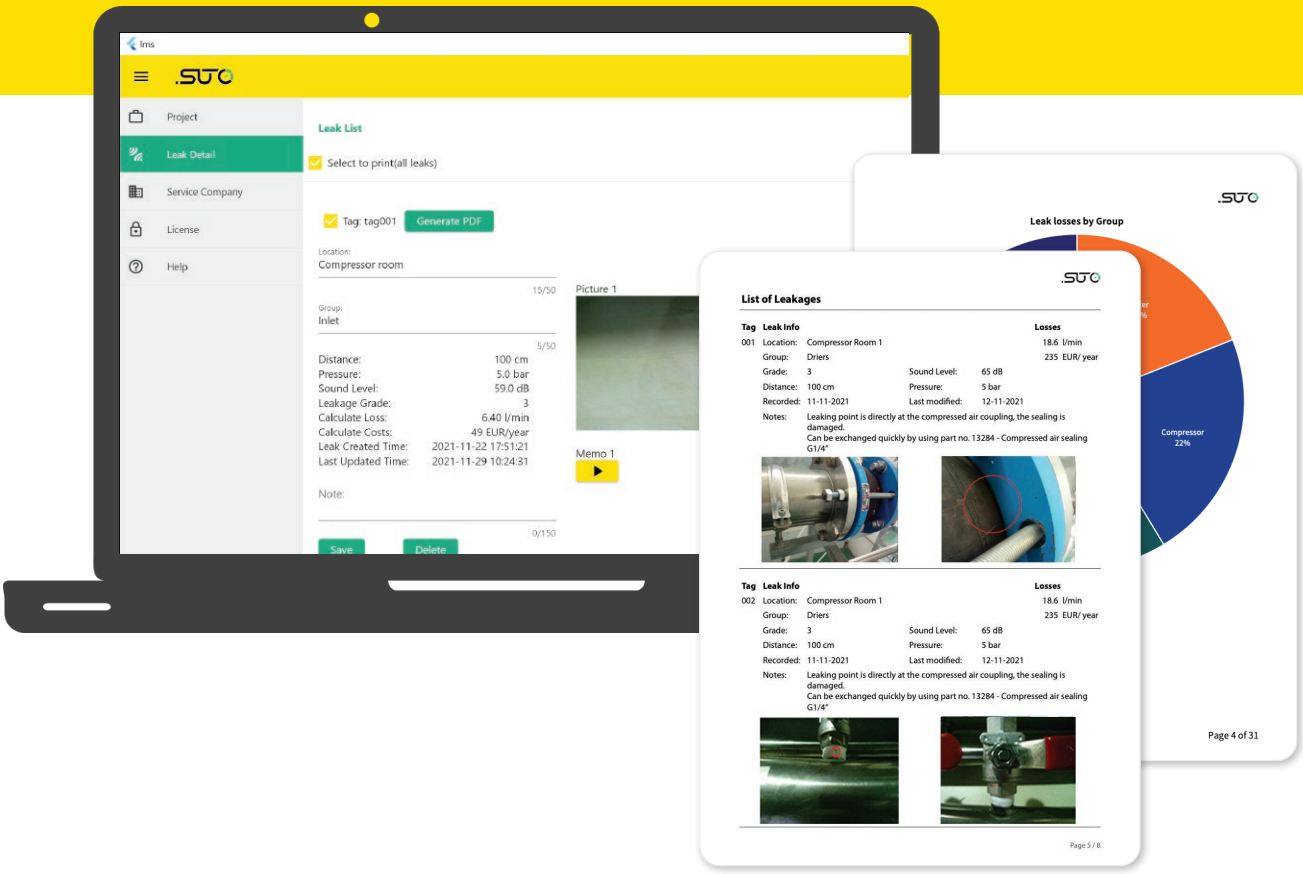
Be smart. **Measure it.**

LMS

Leak Management Software



Manage your compressed air leaks —

Save your time and costs

The Leak Management Software (LMS) provides a total solution for leak detection, management and easy report creation. The software comes as a local installation on a PC and works seamlessly with our S531/S532 ultrasonic leak detector. Recording leaks in the field using SUTO S531/S532 leak detector and later importing them to LMS software enables users to gather quantitative leak loss data and easily create powerful reports which provide a full overview of the customers' leak situation.

Benefits

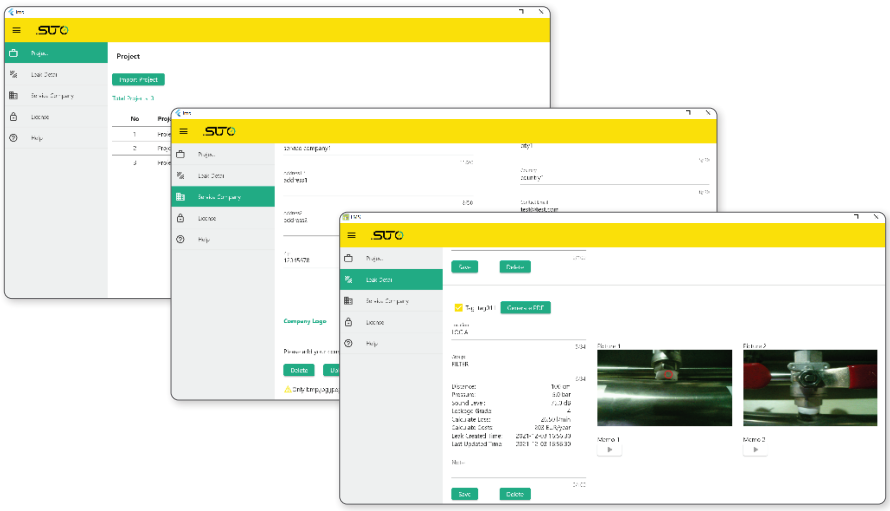
- Simple and user-friendly user interface for easy navigation and leak survey handling
- Reports can be personalized with your own company logo and contact information
- Save your valuable time in report documentation by having a one-click report
- Adjust your reports to local specifications by using the integrated unit converter

Convenient User Experience

FLAT INTERACTION DESIGN
Simplify the operation steps

LOCAL INSTALLATION
Easy to install and save your data locally

ONE-CLICK IMPORT AND UPDATE
Import and update new leak data just by a simply click

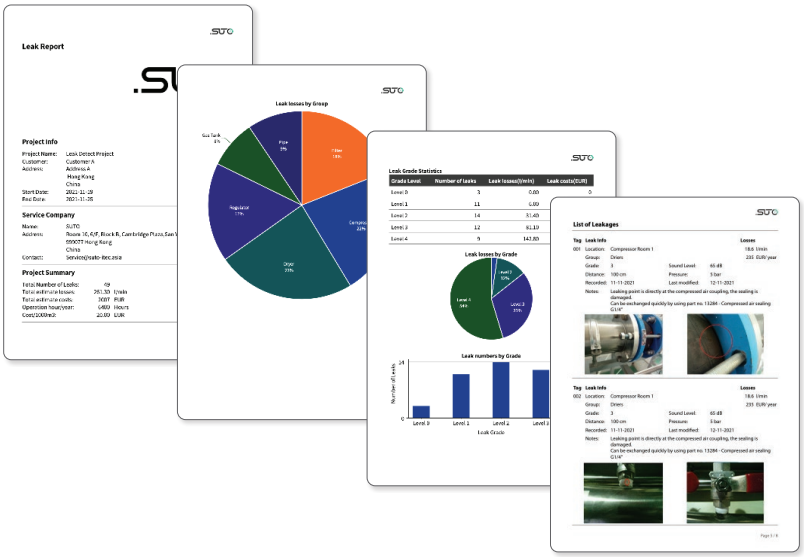


Powerful Analysis Reports

EXTENSIVE ANALYSIS REPORT
Leak report with all relevant data

PERSONALIZED CONFIGURATION
Upload your company logo, contact person etc.

PRINT CONTENT OPTIONAL
Select your desired leaks to be printed



Seamless Connection with S531/S532

1 Initiation

Enter your own company information like company name, address and contact person etc. to be later printed automatically on your reports.

2 Planing

Create a new project on the fly directly via the user interface of S531/S532 . Define project name, cost and unit settings on site via the touch screen user interface.

S531

S532

3 Execution

Use the S531/S532 to perform the leakage survey on site, record the found leaks, which saves the flow, costs of leak loses, take photos of the leaks and record voice memos. All to be used later in generating powerful reports.

4 Preparation

After uploading the data to LMS software, users are enabled to easily check the leakage data, add useful information and/or correct date if needed.

5 Reporting

Generate powerful reports by a simple click of one button. The reports are with your own logo and company info, so you do not have to spend any more time to sort the data and create reports in an external tool, like ord or Excel.

Included in S531/S532 for free

When purchasing a S531/S532 ultrasonic leak detector set, one free LMS license is included. Start immediately creating powerful leak reports, without paying extra for additional software licenses.

Ordering

Leak Management Software (LMS)

Order No.	Description
M599 7045	Leak Management Software (LMS), Local installation, 1 license (bound to local PC)*, one-time payment

* The software license is bound to the local PC, still the same software can be used by multiple users on the same PC.

sales@suto-itec.com

Trial Period

Test it for 30 Days!

If you want to try LMS we are offering a 30 days trial period with full functionality.

When the 30 days are due to expire, in order to continue using the software you need to buy a license.
